Discuss highlights/new developments:

2013/2014 has welcomed a new president and two new board members. The 3E conference successfully concluded its second conference. We continue the career mentoring programme, which is much in demand, as well as our workshops, which we are hoping to extend to include a workshop for reviewers and article writing. Our new website and membership management system related to the ICSB system has also been through its first tests.

Discuss key problems/challenges faced:

We have had our problems in the beginning problems with adopting the new database (common with ICSB), assistance has though been available from ICSB – and we are still experiencing problems. Hanna and Michael are in dialogue about this.
